Hi All,

Response to the questions:

1. Yes, will remove "Waste" from title.
2. Water is for Navajo communities affected by the river closure.
3. Tanks will be refilled as long as needed.

If this sounds good to you, I can update fact sheets to reflect and resend for final approval.
Thanks!

Need a call on this with David yogi and me --sending another email as well Thx ng

All:

We would like to remove the word "Waste" from the title.

Are these water sources open to all tribal groups or just Navajo? Are non tribal groups allowed to use this water? Once this gallon tank depleted, is it gone?

Jen
